পিভিসি কনভেয়র বেল্টের সর্বোত্তম তাপমাত্রা

Beijing EXQUISITE International Development Co., Ltd was established at 2005 Beijing China, have accumulated many valuable experience, happy to share, hope it can solve your questions.

PVC conveyor belt minimum temperature limit:  $-10^{\circ}\text{C}$ . In the cold weather, the surface of PVC conveyor belt is easy to become harden, run need more laborious, it is recommended that you use it in the indoor use in the best. Of course, when the temperature is warmer, the conveyor belt will become original hardness. Timely maintenance of the conveyor belt, it's the best way to increase the service life of the conveyor belt.

PVC conveyor belt maximum temperature:  $+80^{\circ}\text{C}$ . Once the PVC conveyor belt in above the environment  $80^{\circ}\text{C}$ , the surface of belt becomes prone to cracking, the surface layer of PVC glue will slowly fall off, the service life is not relatively high, even very short. EXQUISITE International recommend 260 degrees of silicone conveyor belt or Teflon

## Reliable Conveyor Belt Expert 2005

Exquisite Customization, Exquisite Quality, Exquisite Service  
Quality Warranty & 3 Year Free Technical Service

conveyor belt for you, meet the requests of different industries.

Surely, only the PVC conveyor belt work in the right temperature, its application range is still very wide. Our PVC conveyor belt is unique non-toxic, odorless, environmentally friendly, coupled with continuous development of new products, EXQUISITE INTL conveyor belt has excellent performance in Logistics Industry, Tobacco Industry, Food Industry, Tire Industry, Stone Industry, Fabric Industry, Wood Industry, Electronic Industry, Carton Industry, etc.

### PVC conveyor belt temperature range of -10°C - +80°C.

EXQUISITE INTERNATIONAL was founded at 2005 Beijing China, one of top conveyor belt manufacturer, specializing in the light duty pvc/pu/pe conveyor belt, we are one of earliest transformation and upgrading enterprise base on the science technology and innovation in North China. All the time we are insisting on the new quality raw materials and mix special unique formulations from BCMME, our conveyor belt service life prolong 5%-10% plus than general belt in China market, outstandingly reduce the user 10%-20% cost and increase the productivity rate. Three "EXQUISITE": exquisite customization, exquisite quality and exquisite service.

Special competitive advantages most suppliers can not do for you like us!

1. Quality Promise: free technical service for 3 years and Quality Warranty.
2. Professional Team: high efficient and saving cost to handle the whole trade process, offer best solution; experienced and energy staff in the conveyor belt industry or international trade, proficiency in the world different languages, Bachelor and Master Graduate and MBA graduate TOP Universities in China.
3. Note Best Purchase Opportunity: our temporary favorite policy; we are Industry Info VIP, can offer {Secret Industry Trends}! Maximize your profits and make your biz bigger and better by lower cost.

**Beijing EXQUISITE International Development Co., Ltd are sincerely to invite the professional trade partners to become our Agent in your home, we offer you better quote and fast delivery, let's develop the global market hand in hand!**
